Découvrez le HOUBA LANGUAGE

Il y a peu, à l'occasion d'un congrès les réunissant, quelques scientifiques spécialisés dans l'étude du Marsupilami ont tenté d'établir une liste des expressions utilisées régulièrement par le roi de la forêt palombienne. Ce relevé constitue la base de ce qui pourrait être nommé le «**houba langage**». À mesure que les recherches avanceront, nous espérons pouvoir vous faire découvrir de nouvelles expressions.

Le **Marsupilami** est la méga-vedette du cirque Zabaglione. Il brille chaque soir devant un public ébahi... sauf quand il fait les 400 coups avec son ami Lucas !

Lucas est né dans un cirque et c'est super : le petit déjeuner est servi par des clowns, on dort dans une roulotte, on voyage dans tous les pays du monde et surtout ... on ne va pas souvent à l'école !

Il est plus difficile pour **Vanda**, la maman, d'envoyer Lucas à l'école, que de jongler avec une douzaine de quilles.

Quant au papa, **Hercule**, il s'occupe de l'apprentissage de Lucas, à grand renfort de pansements !

Il gesticule, il beugle, il voit rouge. Plus sauvage qu'un tigre et plus bourru qu'un ours, c'est **Zabaglione**, le boss du cirque.

Un éléphant qui fait du surf ? Un jeu d'enfant pour le dompteur **Noé**. Mais sa plus grande réussite est d'avoir dressé le roi de la forest palombienne : le Marsupilami !
